

GABA Litigation Update

February 28, 2014

At a scheduling conference today with Judge Reynolds' scheduling clerk, attorneys from both sides agreed on the first available trial date in Judge Reynolds' court which is February 10, 2015. Our attorneys at BKBH are planning on filing discovery requests for the state to respond to soon and will hopefully be able to present the case to Judge Reynolds in advance of the trial date with a summary judgment motion to decide the case without a trial.
